

Tuesday 10 December 2019

Dear families

It is with great pleasure, and immense relief, that I can now share the details of the two teachers we have appointed to the vacant positions here from the start of 2020. We had six applicants and interviewed the three that we thought would fit best with where the school and learners' needs are, and the direction the school is heading, strategically.

Ned Worboys

Ned applied for, and won, one of the two fulltime permanent teacher positions. He has been a super addition to our staff this year and we are very lucky to have secured him. He will remain as the senior class's teacher next year.

Ronel Johansson

Ronel will come to us from South Africa. She already has her NZ Teacher Registration in hand and we are hoping she will be 'on the ground' here early January. Ronel has a psychology background, and has been working in a special school in Port Elizabeth, SA, for the last 10 years, working with children who have experienced trauma of all sorts. Ronel will be teaching in our middle class next year. I am currently looking for a house for her and her small family to rent for a few months until their things arrive in NZ. If anyone has any leads in that regard, please give me a call as soon as possible.

Class Lists for 2020

The next thing that you will want to know is where your child will be placed next year. I am just finalising the class lists for 2020 and will get that information out to you in the next day or so. If you have any questions once you receive that, please don't hesitate to ring me or to come in and have a chat.

Ngā mihi nui

Tana Klaricich
Principal
South Featherston School
